

Invitation:

Norway and Brazil Business Summit - Connecting for a greener tomorrow

The Norwegian Minister of Trade and Industries Cecilie Myrseth visits Rio de Janeiro with Norwegian companies on October 22-23, 2024.

Join us at the Business Summit for an exciting program that brings together business leaders and decision makers from Norway and Brazil.

The delegation targets companies in green maritime, emission reduction technologies, oil and gas, green industry and bioeconomy sectors. This is a unique opportunity for companies to establish new networks and gain insight into the Brazilian market and the Norwegian solutions.

Together we'll explore how **Norwegian solutions within green maritime, energy and bioeconomy** can fit with Brazilian needs and propel us towards a sustainable future.

Expect dynamic discussions through seminars, speed-meetings, round tables, and excellent networking opportunities.
