12:02– 13:00

Panel discussion How to secure critical infrastructure to affordable/low energy prices in a sustainable way for the whole energy industry

13:00 – 13:30

LUNCH

Programme Part 2

13:30 – 15:00 Sustainable projects to secure good commercial development of the Energy sector (Norwegian suppliers of technical solutions)

Moderator Ms. Gunn Vik, Director Hydropower, Solar energy, Oil & Gas Brazil and Argentina, Norwegian Energy Partners (NORWEP)

13:30 – 13:38

Energy Storage innovations - WGES Products for Agribusiness
Mr. Souleymane Niang, CEO, W.Giertsen

13:38 – 13:46

Sustainably electrifying social infrastructure: a new business approach for Kenya
Mr. Ray Gorman, Community Power Expert, Differ Community Power

13:46 – 13:54

Offering solutions for Energy requirements of Kenya
Mr. Hitesh Kumbhat, CFO Nordic, Linjemontage/Kalpataru Power Transmission

13:54 – 14:00

Towards universal access through private sector Mini-Grids
Mr. Ralf Tobich, Business Development Manager – Africa, Norconsult

14:00 – 14:08

Empowering Renewable Energy in East Africa
Mr. William Odhiambo Ogutu, Vice President Market & Sales, East Africa, Multiconsult

14:08 – 14:16

AI-driven efficient planning of major hydropower projects
PhD Andi A Pfaffhuber, CEO, EMerald Geomodelling

14:16 – 14:24

Smart water distribution & future autonomous all-electrical petroleum products

	Mr. Dag Almar Hansen, CEO, TECHNI GROUP
14:24 – 14:30	Bright - Portable solar solutions for those consumers not able to connect with national larger scale grids Mr. Vidar Eskelund, CEO, Bright Products
14:30 – 14:38	Polarium in Africa, enabling endless energy Ms. Sara Radu, VP Africa, Polarium
14:38 – 14:46	ABB Kabeldon IP system - Your partner of choice for reliable uninterrupted power Mr. Mats Ryberg, Global Market Developer, Electrification Products Division, ABB
14:46 – 14:50	Breaking the energy curve Mr. Ayub Osman, Head of Sustainability and Corporate Responsibility, Ericsson Middle East and Africa
14:50 – 15:00	Closing note Ms. Gunn Vik, Director Hydropower, Solar energy, Oil & Gas Brazil and Argentina, Norwegian Energy Partners (NORWEP)
